

### Partners in Recovery is:

- » A program that delivers an integrated response to the recovery of people who have severe and persistent mental illness and complex needs
- » A national mental health initiative funded by the Australian Government
- » Delivered by a consortium comprising Hunter Medicare Local and other community and government organisations

### We facilitate the recovery of people who have:

- » Severe and persistent mental illness
- » Other needs that are not being met
- » Difficulty accessing multiple services
- » Difficulty getting the right supports at the right time

### Our Support Facilitators can:

- » Help people plan their recovery
- » Assist with access to the right combination of services
- » Coordinate the services people need to recover
- » Enhance relationships and understanding across services and sectors

### It's easy to refer:

- » Referrals may be accepted from any source
- » Referrals can be made online at [www.hunterpir.com.au](http://www.hunterpir.com.au) or by phone on **1300 656 608**

For more information or to make a referral contact Hunter Partners in Recovery on **1300 656 608** or visit [www.hunterpir.com.au](http://www.hunterpir.com.au)
