

Do you, or someone you care for, experience:

- » Severe and persistent mental illness?
- » Other needs that are not being met?
- » Difficulty accessing multiple services?
- » Difficulty getting the right supports at the right time?

Do you, or someone you care for, want support that encourages personal control over recovery and care decisions?

If so, the Partners in Recovery program has been designed to make a difference for you.

Our Support Facilitators can:

- » Help people plan their recovery
- » Assist with access to the right combination of services
- » Coordinate the services people need to recover

You, your carer or support worker can contact us to see if you are eligible for the Partners in Recovery program.
